## VERRADO'S CLUBS ARE THE LIFE OF OUR COMMUNITY.

When Verrado was first conceived, having a living, breathing, healthy community was one of the cornerstones envisioned to support every building, home, school or business. But it isn't something you can plan on paper like a blueprint. It's something that is born in the hearts and minds of the founders that now call Verrado home. The very essence of life here is in the social gatherings and activities that people share together in and around this vital community.
